Sunflower Competition 2020

Green fingered and fancy a sunflower growing challenge?

Every year, one of the office team has a competition to see who can grow the biggest sunflower. This year we thought we'd offer everyone a chance to enter the Acquire Care Sunflower Competition. Sunflowers are part of the Company's logo and they appear everywhere in the office.

Sunflowers are mainly sown from mid-April to the end of May. This is just the right time of year to start growing! They are an annual plant and will flower in August. Good luck and happy growing!

There are two age categories – adults (over the age of 16 years) and children (16 and under). To enter the competition, it's easy. Just follow the instructions below on page 2.

The Prizes

- 1st adult prize: £100 Amazon gift voucher.
- 1st children's prize: £100 Amazon gift voucher.

The Rules

- The winners will be chosen after the competition closes at midnight on Monday August 31st 2020. All entries must be received by then.
- There are two prizes (one for each age group). Size will be determined by the sunflower head, not the height.
- The two largest sunflower heads will be chosen based on the photos submitted proving their size. The judge's decision is final. All photographs must include either a tape measure or ruler showing how large the sunflower head is.
- There is no cash alternative, the prize is non-transferable and may not be substituted by the winner.
- If you are not the sunflower grower and the photo you submit is not your photo, we reserve the right to disqualify you – only your own picture of your own flower please!

Please be assured that by entering the competition, we will not use your email address for any other reason than the Sunflower Competition. No other message or information, which is not related to the competition, will be sent to you.

To enter the competition, it's easy!

You have until Monday August 31st 2020 to grow and measure your sunflower. Email a picture to us at info@acquirecare.co.uk with a picture of your flower head and proof of its size – use a tape measure or ruler to show the width of the flower head, not including the petals. With your picture let us know whether you are entering the adult or child category.
